

PSU-TPSF

Prince of Songkla University (PSU) is one of the leading universities in Thailand. We are a comprehensive institution of higher learning with a long-standing commitment to education for the benefit of the world as a whole. We are highly regarded in the premium quality research.

Confronting the pressing issues and challenges of the 21st century, the exceptional teaching and learning standards are vitally mandatory.

Most well-known universities introduced their own teaching professional standard frameworks. Each of the frameworks is varied by the universities' missions and goals. We introduce "PSU Teaching Professional Standards Framework (PSU-TPSF)" to promote teachers to deliver quality teachings and innovative learning environments. The PSU-TPSF consists of three domains namely Professional Knowledge, Professional Practices, and Professional Values. Additionally, the PSU-TPSF has four level of competence including Fellow Teacher, Professional Teacher, Scholarly Teacher, and Masterly Teacher, respectively.
